**PETITION FOR WRIT OF MANDATE
AND COMPLAINT FOR DECLARATORY
RELIEF**

**ELECTION MATTER –
IMMEDIATE RELIEF REQUESTED**

The Honorable _____
Dept.: _____

**No Filing Fee
[Gov. Code, § 6103]**

1 Petitioner City of Berkeley petitions this Court pursuant to Code of Civil Procedure
2 sections 1085 and 1086 for a writ of mandate commanding respondent TIM DUPUIS, Registrar of
3 Voters of Alameda County, and respondent MARK NUMAINVILLE, City Clerk for the City of
4 Berkeley, to utilize the redistricting plan approved by the Berkeley City Council in Ordinance
5 No. 7,320-N.S. for purposes of the November 2014 Municipal Election, even though the plan is subject
6 to a referendum that has qualified for the November 4, 2014 ballot, in order to avoid violating the
7 United States and California Constitutions and the Berkeley City Charter, and to provide certainty for
8 voters, candidates, and elections officials. In addition, petitioner also requests a declaration from this
9 Court pursuant to section 1060 of the Code of Civil Procedure that (1) the Berkeley City Council
10 District boundaries adopted in 2002 in Ordinance No. 6,679-N.S. must not be used because they raise
11 serious constitutional questions under the Equal Protection Clause of the United States and California
12 Constitutions and fail to comply with the Berkeley City Charter, and (2) that Ordinance No. 7,320-N.S.
13 must be used for purposes of the November 2014 Municipal Election.

14 By this petition, petitioner alleges:

- 15 1. Petitioner CITY OF BERKELEY is a charter city located in the County of
16 Alameda.
- 17 2. Respondent TIM DUPUIS is the Registrar of Voters of Alameda County and is
18 sued in his official capacity.
- 19 3. Respondent MARK NUMAINVILLE is the City Clerk for the City of Berkeley
20 and is sued in his official capacity.
- 21 4. Real party in interest MAX ANDERSON is a proponent of the referendum
22 ("Referendum") challenging the redistricting plan approved by the Berkeley City Council ("City
23 Council") in Ordinance 7,320-N.S. of the City of Berkeley ("City Council-approved Plan"), a true and
24 correct copy of which is attached hereto as Exhibit A.
- 25 5. Real party in interest JESSE ARREGUÍN is a proponent of the Referendum
26 challenging the redistricting plan approved by the City Council in Ordinance 7,320-N.S.
- 27 6. Real party in interest STEFAN ELGSTRAND is a proponent of the Referendum
28 challenging the redistricting plan approved by the City Council in Ordinance 7,320-N.S.

1 7. Real party in interest PAUL KEALOHA BLAKE is a proponent of the
2 Referendum challenging the redistricting plan approved by the City Council in Ordinance 7,320-N.S.

3 8. Real party in interest MATTHEW LEWIS is a proponent of the Referendum
4 challenging the redistricting plan approved by the City Council in Ordinance 7,320-N.S.

5 9. Real party in interest STEPHANIE MIYASHIRO, is a proponent of the
6 Referendum challenging the redistricting plan approved by the City Council in Ordinance 7,320-N.S.

7 10. Real party in interest PHOEBE SORGEN is a proponent of the Referendum
8 challenging the redistricting plan approved by the City Council in Ordinance 7,320-N.S.

9 11. Real party in interest ALEJANDRO SOTO-VIGIL is a proponent of the
10 Referendum challenging the redistricting plan approved by the City Council in Ordinance 7,320-N.S.

11 12. Real party in interest KRISS WORTHINGTON is a proponent of the
12 Referendum challenging the redistricting plan approved by the City Council in Ordinance 7,320-N.S.

13 13. Petitioner is informed and believes, and on that basis alleges, that respondent
14 NUMAINVILLE believes he has a ministerial duty to direct respondent DUPUIS to use the
15 redistricting plan approved by the City Council in Ordinance No. 6,679-N.S. following the 2000
16 census (the "2002 Plan"), a true and correct copy of which is attached hereto as Exhibit B, for City
17 Council elections in November 2014 because a group of Berkeley voters has collected enough
18 signatures to qualify a Referendum against the City Council-approved Plan. The Berkeley City
19 Charter ("Charter") provides that the qualification of the Referendum, which will be submitted to the
20 voters at the November 2014 Municipal Election, stays the effective date of the City Council-approved
21 Plan pending the outcome of the Referendum. This petition challenges respondent NUMAINVILLE's
22 intention to direct respondent DUPUIS to use the boundaries drawn by the 2002 Plan in the
23 November 2014 election, at which the voters will elect City Councilmembers in four of the City's
24 eight districts.

25 14. Petitioner is informed and believes, and on that basis alleges, that respondent
26 DUPUIS believes he has a ministerial duty to use the 2002 Plan provided to him by respondent
27 NUMAINVILLE to conduct the November 2014 Municipal Election. This petition challenges
28

1 respondent DUPUIS's intention to use the boundaries drawn by the 2002 Plan which will be provided
2 to him by respondent NUMAINVILLE in the November 2014 election.

3 15. The Equal Protection Clause of the United States Constitution requires that local
4 districts be apportioned as equally as possible, conforming to the "one-person, one-vote" standard set
5 out in *Reynolds v. Sims* (1964) 377 U.S. 533. (*Bd. of Estimate of City of New York v. Morris* (1989)
6 489 U.S. 688, 692.) The one-person, one-vote standard is also guaranteed by the California
7 Constitution. (Cal. Const., art. I, § 7(a).)

8 16. Article V, section 9 of the Charter requires that the district boundaries of the
9 City Council districts be adjusted following each decennial census. Following the 2010 census, City
10 staff initiated the decennial redistricting process in 2011.

11 17. On January 17, 2012, the City Council voted to defer the submission of a new
12 redistricting plan until after the November 2012 election in order to place a Charter amendment on the
13 November 2012 ballot to establish new criteria for modifying district boundaries. On June 26, 2012, at
14 its Regular Meeting, the City Council voted to put the Charter amendment on the November 2012
15 ballot. On November 6, 2012, Berkeley voters approved the Charter amendment, Measure R, by a
16 margin of 65.92 percent to 34.08 percent, nearly a two-thirds supermajority of City voters. A true and
17 correct copy of Measure R is attached hereto as Exhibit C.

18 18. Prior to the passage of Measure R, article V, section 9 of the Charter stated that
19 adjustments to the City Council district boundaries "shall preserve, to the extent possible, the Council
20 districts originally established herein . . ." Council districts were first drawn under the old article V,
21 section 9 in 1986.

22 19. Measure R amended article V, section 9 of the Charter to eliminate the
23 requirement that any adjustments to the City Council boundaries preserve, to the extent possible,
24 the 1986 districts authorized by the City Council. Measure R also established new criteria for the
25 formation of City Council districts. Namely, Measure R provided that:

26 the Council shall ensure that the districts continue to be as nearly equal
27 in population as may be according to the census, taking into
28 consideration topography, geography, cohesiveness, contiguity, integrity
and compactness of territory of the districts, as well as existing
communities of interest as defined in California Constitution

1 Article XXI, section 2(d)(4), and shall utilize easily understood district
2 boundaries such as major traffic arteries and geographic boundaries to
the extent they are consistent with communities of interest.

3 Thus, the voters rejected the previous City policy of preserving 1986-era districts to the extent
4 possible, and commanded that the City Council instead consider other factors, such as existing
5 communities of interest and easily understood boundaries like major traffic arteries and geographic
6 boundaries.

7 20. With respect to the timing of decennial redistricting, article V, section 9 of the
8 Charter states that:

9 [n]o later than December 31st of the third year following the year in
10 which each decennial federal census is taken, commencing with the 2010
11 census, the Council shall by ordinance divide the City into eight Council
districts. Any such redistricting shall become effective as of the next
12 general election of Councilmembers immediately following the effective
date of said ordinance.

13 Thus, the Charter requires the City Council to complete the redistricting process by the end of 2013
14 and to have new districts in place in time for the 2014 Municipal Election.

15 21. Following the passage of Measure R, the City Council approved a rigorous
16 process and timeline for adjusting the City Council district boundaries in response to the 2010 census
17 and in conformity with article V, section 9 of the Charter. The process included two community
18 meetings, the submission of various plans by members of the public, and numerous City Council
19 meetings where redistricting was discussed, all of which afforded an opportunity for the public to
20 provide input to the City Council regarding the plans. The City Council's timeline called for all
21 redistricting proposals, both from Councilmembers and from members of the public, to be submitted
22 no later than March 15, 2013. In all, the City Council took up the topic of redistricting on at least ten
23 occasions, during which time members of the public were given ample opportunity to submit their own
24 plans and to provide feedback to the City Council on the plans that were presented.

25 22. On July 2, 2013, at a public hearing, after considering the submitted plans and
26 receiving public input in accordance with the process it developed, the City Council directed staff to
27 prepare an ordinance for adoption based on a plan submitted by the Berkeley Student District
28 Campaign ("BSDC"). The BSDC is a coalition of students and community members who supported

1 the drawing of a majority-student district in the City and submitted such a plan to the City Council for
2 its consideration. In accordance with the March 15, 2013 deadline for the submission of redistricting
3 proposals, the BSDC submitted its plan on March 13, 2013 in the format established by the City
4 Council.

5 23. On December 17, 2013, at the City Council's regularly scheduled meeting, the
6 City Council adopted the BSDC plan, by a vote of 6-to-3, as Ordinance 7,320-N.S. of the City of
7 Berkeley ("City Council-approved Plan"). The City Council-approved Plan reduced the deviation
8 from the ideal district population, as calculated using the 2010 census, to less than one percent in all
9 districts. In addition, the City Council-approved Plan created a district, Council District 7, which
10 concentrated much of the City's large student population in a single district. Eighty-six percent
11 (86 percent) of the voters in Council District 7 are student-aged, making it the first majority-student
12 district in the country, according to the proponents.

13 24. Opponents of the City Council-approved Plan, including the three City
14 Councilmembers who voted against it,¹ filed a referendum measure ("Referendum") challenging the
15 City Council-approved Plan and submitted signatures to the Alameda County Registrar of Voters.²
16 These Councilmembers favored a plan that would have created a majority-student district with students
17 comprising ninety percent (90 percent) of the district's population, four percent more than the student
18 district included in the City Council-approved Plan. Unlike the City Council-approved Plan, which
19 was submitted two days before the March 15, 2013 deadline for submission of redistricting proposals,
20 the plan favored by the three dissenting members of the City Council was not proposed until months
21 after that date and was not presented to the City Council until September 10, 2013, nearly six months
22 after the deadline had passed. Consequently, unlike the City Council-approved Plan, the plan favored
23 by the three dissenting members was not considered during the lengthy public process developed in
24 response to the passage of Measure R. The City Council voted to reject this plan.

25
26 ¹ The three City Councilmembers who voted against the City Council-approved Plan are Max
Anderson, Jesse Arreguín, and Kriss Worthington.

27 ² A true and correct copy of the Referendum petition is attached hereto as Exhibit D.
28

1 25. The supporters of the Referendum have not claimed that the City Council-
2 approved Plan raises constitutional concerns or that it would violate the Berkeley City Charter.
3 Instead, they contend that their plan is better because it creates a student district comprising more
4 students (90 percent) than the City Council-approved Plan (86 percent).

5 26. Article XIV, section 93 of the Charter requires that a proposed referendum
6 measure be signed by at least 10 percent of the voters who cast a ballot for all candidates for Mayor at
7 the last general municipal election at which a Mayor was elected in order to be presented to the City
8 Council. The threshold for sufficiency for the Referendum at issue here is 5,275 valid signatures.

9 27. On February 3, 2014, respondent DUPUIS verified that the Referendum had
10 received sufficient signatures to qualify the Referendum. On the following day, respondent
11 NUMAINVILLE certified the sufficiency of the petition and submitted it to the City Council, which
12 was required pursuant to article XIV, section 93, to either repeal the Council Plan or submit it to the
13 voters. Under the same Charter section, the presentation of the Referendum to the City Council stays
14 the effective date of the City Council-approved Plan pending the outcome of the Referendum.

15 28. On March 11, 2014, by a vote of 6-to-3, the City Council voted to submit the
16 Referendum to the voters. The City Council had originally considered the Referendum during its
17 Regular Meeting of February 25, 2014, but opted to continue the matter until the next meeting, which
18 occurred on March 11, 2014, so that it could adequately consider the alternatives. Because the
19 deadline under the City Charter for placing a referendum on the June 2014 ballot was March 7, 2014,
20 the Referendum was placed on the November 2014 ballot.

21 29. Berkeley voters will consider the Referendum at the General Election to be held
22 on November 4, 2014. On the same day, Berkeley voters will elect representatives from City Council
23 Districts 1, 4, 7, and 8.

24 30. As a result, respondent NUMAINVILLE is in a bind. A small minority of
25 Berkeley voters have, by virtue of the qualification of the Referendum, stayed the City Council-
26 approved Plan, a plan which was approved by a majority of the City Council and which adheres to the
27 redistricting criteria which were approved by nearly two-thirds of Berkeley voters. The only other City
28

1 Council-approved boundaries that are available to the City Clerk are the lines approved pursuant to
2 the 2002 Plan.

3 31. Petitioner is informed and believes, and on that basis alleges, that respondent
4 NUMAINVILLE intends to direct the Alameda County Registrar of Voters to use the boundaries
5 drawn by the 2002 Plan for City Council elections in the City of Berkeley for the November 2014
6 election because the qualification of the Referendum has stayed the effective date of the City Council-
7 approved Plan.

8 32. Petitioner is informed and believes, and on that basis alleges that respondent
9 DUPUIS will comply with respondent NUMAINVILLE's direction and conduct the November 2014
10 Municipal Election using the boundaries drawn by the 2002 Plan.

11 33. The City Council adopted the 2002 Plan in response to the 2000 census. As a
12 result of changes in population, the 2002 boundaries are now malapportioned. Based on the 2010
13 census, the ideal district population in each of the City of Berkeley's eight City Council districts
14 is 14,073. But if the 2002 Plan were used in the 2014 election, the 2002 Plan would have a total
15 population deviation of 27.8 percent and many of the districts would deviate sharply from the ideal
16 district population. For instance, Council District 7 is currently overpopulated with a population
17 of 16,623, a deviation of 18.1 percent from the ideal population. By contrast, Council District 5 is
18 currently underpopulated with a population of 12,709, a deviation of 9.7 percent. Only one district,
19 Council District 2, would deviate less than 5 percent from the ideal population. The United States and
20 the California Supreme Courts have recognized that any population deviation over 10 percent is
21 constitutionally suspect, while any deviation exceeding 16.4 percent may be "patently
22 unconstitutional."³ (*Vandermost v. Bowen* (2012) 53 Cal.4th 421, 472-474.) The following chart
23 illustrates the population deviation numbers of all eight City Council districts under the 2002 Plan:

24

District	Ideal Population	Actual Population	Numerical Deviation	Percentage Deviation
1	14,073	13,080	-993	-7.06

25

26

27 ³ In addressing permissible deviations in redistricting plans, the *Vandermost* court spoke in terms of
28 deviation from the ideal population. (*Vandermost v. Bowen* (2012) 53 Cal.4th 421, 473-474.)

District	Ideal Population	Actual Population	Numerical Deviation	Percentage Deviation
2	14,073	13,381	-692	-4.90
3	14,073	13,024	-1,049	-7.45
4	14,073	15,605	1,532	10.89
5	14,073	12,709	-1,364	-9.69
6	14,073	12,883	-1,190	-8.46
7	14,073	16,623	2,550	18.12
8	14,073	15,275	1,202	8.54

34. By contrast, the City Council-approved Plan materially conforms to the ideal district population revealed by the 2010 census. All eight of the districts drawn by the City Council-approved Plan have populations that are within 1 percent of the ideal population of 14,073 and the total population deviation of the City Council-approved Plan is just 1.5 percent. The most populated district, Council District 5, has a total population of 14,182, a deviation of just 0.77 percent from the ideal. The most underpopulated district, Council District 6, has a total population of 13,966, a deviation of just 0.76 percent from the ideal. The following chart illustrates the population deviation numbers for all eight City Council districts under the City Council-approved Plan:

District	Ideal Population	Actual Population	Numerical Deviation	Percentage Deviation
1	14,073	14,060	-13	-.09
2	14,073	14,026	-47	-.33
3	14,073	14,070	-3	-.02
4	14,073	14,082	9	.06
5	14,073	14,182	109	.77
6	14,073	13,966	-107	-.76
7	14,073	14,079	6	.04
8	14,073	14,115	42	.30

35. The use of the 2002 Plan would violate the “one-person, one-vote” standard of the Equal Protection Clauses of the United States and California Constitutions and would violate article V, section 9 of the Charter, which requires that districts be drawn as nearly equal in population as possible according to the most recent census. The City Council-approved Plan conforms to the requirements of article V, section 9.

36. The 2002 Plan, by contrast, was not drawn to conform to the newly-revised article V, section 9. It was drawn to conform to the superceded version of the Charter section, which required that redistricting plans maintain the 1986-era boundaries as much as possible. In addition to being based on criteria that have become obsolete, the 2002 Plan is based on data that is now obsolete.

1 The 2002 Plan used the now-outdated 2000 census data, as opposed to the City Council-approved Plan,
2 which used the data generated by the most recent census in 2010.

3 37. For these reasons, the City must use the City Council-approved Plan to conduct
4 the 2014 election given that the alternative would be to use a 12-year-old map with malapportioned
5 districts and which fails to comply with the 2012 amendments to the City Charter.

6 38. Code of Civil Procedure section 1086 requires that a “writ must be issued in all
7 cases where there is not a plain, speedy, and adequate remedy, in the ordinary course of law.”
8 Petitioner is informed and believes that respondent NUMAINVILLE intends to direct the use of
9 the 2002 Plan for the November 2014 elections in the City of Berkeley. Petitioner is further informed
10 and believes that respondent DUPUIS will comply with this direction and use the boundaries provided
11 by respondent NUMAINVILLE to conduct the 2014 election. Consequently, there is no plain, speedy,
12 or adequate legal remedy in the ordinary course of law for preventing the use of a district map which
13 violates article V, section 9 of the Charter and raises serious questions under the Equal Protection
14 Clauses of the United States and California Constitutions.

15 39. The rights of the voters of the City of Berkeley will be irreparably injured if
16 the 2002 Plan is used during the 2014 election because they will be denied the equally apportioned
17 districts guaranteed to them by the Charter and the “one-person, one-vote” standard set out by the
18 United States Constitution. The City Council-approved Plan satisfies the “one-person, one-vote”
19 standard and the newly adopted redistricting criteria that were overwhelmingly approved by voters
20 through passage of the Charter amendment. Furthermore, the City Council-approved Plan, unlike the
21 plan favored by the three dissenting Councilmembers, is the product of a thoughtful public process that
22 was designed by the City Council in order to effectuate the new redistricting criteria and satisfies the
23 Charter-conferred requirement that new boundaries be in place for the 2014 Municipal Election. Use
24 of the 2002 Plan at the 2014 election would subordinate the preferences expressed by nearly two-thirds
25 of Berkeley voters who voted in favor of the Charter amendment and two-thirds of their elected
26 representatives who voted in favor of the City Council-approved Plan to the desires of a small group of
27 voters who signed the Referendum and the three City Councilmembers who oppose the plan.
28 Moreover, it would subordinate the more specific provisions of article V, section 9 of the Charter,

1 which specifically address redistricting, to the more general Charter provisions relating to referenda
2 contained in article XIV, section 93 of the Charter. Lastly, use of the 2002 Plan would leave the City
3 vulnerable to a legal challenge by a citizen that the redistricting plan being used by the City violates
4 the Equal Protection Clauses of the federal and California Constitutions and the Berkeley City Charter,
5 an action which could lead to further disruption, uncertainty, and costs.

6 40. The California Supreme Court, on two occasions, has been confronted by a
7 referendum which stayed the effective date of a redistricting plan adopted by the designated
8 redistricting body. On both occasions, the Court ordered that the plan adopted by the designated
9 redistricting body be used for elections in the interim period before the referendum was decided.
10 (*Vandermost, supra*, 53 Cal.4th 421; *Assembly v. Deukmejian* (1982) 30 Cal.3d 638.) Petitioner seeks
11 the same relief here.

12 41. Petitioner City of Berkeley has a beneficial interest in ensuring that its voters
13 have certainty in preparing for the November elections, that its elections are conducted in conformity
14 with its Charter, and that they are conducted in conformity with the United States and California
15 Constitutions.

16 42. An actual controversy exists over the boundaries to be used in conducting City
17 Council elections in the City of Berkeley in November 2014. In the absence of an order from this
18 Court, respondent NUMAINVILLE will direct respondent DUPUIS to use the 2002 Plan in the
19 November 2014 election. Petitioner believes that use of the 2002 Plan would violate article V,
20 section 9 of the Berkeley City Charter and the Equal Protection Clauses of the United States and
21 California Constitutions.

22 43. Petitioner desires a judicial declaration that the 2002 Plan, as applied to the
23 current population of the City of Berkeley as reported by the 2010 census, raises serious constitutional
24 questions under the Equal Protection Clauses of the United States and California Constitutions and
25 violates the Berkeley City Charter, and that the boundaries drawn by the City Council-approved Plan
26 must be used for City Council elections in the City of Berkeley in November 2014. The declaration is
27 necessary at this time so that City and County elections officials have clarity and certainty as they
28

1 begin to prepare to conduct these elections, and so that candidates and voters may begin to prepare for
2 their campaigns for these offices.

3 44. Issuance of the writ will further the goal of providing certainty to elections
4 officials who are beginning to conduct pre-election activities relating to the November 2014 election
5 and will not substantially interfere with the conduct of the 2014 election. The Alameda County
6 Registrar of Voters needs to know which boundaries to use for the November election by April 30,
7 2014, which affords sufficient time to consider the relief sought by the Petitioner.

8 **FIRST CAUSE OF ACTION**

9 **(Writ of Mandate – Code of Civil Procedure, §§ 1085, 1086)**

10 45. Petitioner realleges and incorporates by reference as if fully set forth herein the
11 allegations contained in paragraphs 1 through 44 above.

12 46. Code of Civil Procedure sections 1085 and 1086 permit a court to issue a writ of
13 mandate to compel the performance of an act which the law specifically enjoins, as a duty resulting
14 from an office. Use of the 2002 Plan for City Council elections in the City of Berkeley in 2014 would
15 violate article V, section 9 of the Berkeley City Charter and raise serious questions under the Equal
16 Protection Clauses of the United States and California Constitutions.

17 47. Petitioner does not have a plain, speedy, and adequate remedy in the course of
18 the law because, in the absence of a writ, respondent NUMAINVILLE will instruct respondent
19 DUPUIS to use the boundaries drawn by the 2002 Plan for the 2014 election.

20 **SECOND CAUSE OF ACTION**

21 **Declaratory Relief**

22 48. Petitioner realleges and incorporates by reference as if fully set forth herein the
23 allegations contained in paragraphs 1 through 47 above.

24 49. An actual controversy exists over the boundaries to be used in City Council
25 elections in the City of Berkeley in the November 2014 election. Respondent NUMAINVILLE
26 intends to direct respondent DUPUIS to use the boundaries drawn by the 2002 Plan for the 2014
27 election. Petitioner contends that the use of such districts, as applied to the City's current population,
28 would raise serious constitutional questions under the Equal Protection Clauses of the United States

1 and California Constitutions and violate article V, section 9 of the Berkeley City Charter, and that the
2 City Council-approved Plan must be used for the 2014 election.

3 WHEREFORE, petitioner prays:

4 1. That this Court issue a writ prohibiting respondents NUMAINVILLE and
5 DUPUIS from using the 2002 Plan as boundaries for the 2014 Municipal Election in the City of
6 Berkeley, and directing respondents to use the City Council-approved Plan for the 2014 election.

7 2. For a declaration from this Court that the boundaries drawn by the 2002 Plan, as
8 applied to the current population of the City of Berkeley as reported by the 2010 census, raise serious
9 constitutional questions under the Equal Protection Clauses of the United States and California
10 Constitutions, and fail to comply with article V, section 9 of the Berkeley City Charter, and that
11 Ordinance 7,320-N.S. of the City of Berkeley must be used for City Council elections in the City of
12 Berkeley pending the outcome of a referendum petition against the ordinance; and

13 3. For such other and further relief as the Court deems just and equitable.

~~Commencing with the general municipal election in November 1986, e~~

~~(d) Each Councilmember shall be elected by the electors within a Council district, must have resided in the District in which he or she is elected for a period of not less than thirty days immediately preceding the date he or she files a declaration of candidacy for the office of Councilmember, must continue to reside therein during his or her incumbency, and shall be removed from office upon ceasing to be such resident.~~

~~(e) The candidate receiving the highest number of votes for the offices, respectively, of Mayor, Auditor and Councilmembers of the City shall be elected to such offices, provided that such candidate receives at least 40% of the votes cast for each such office. In the event that no candidate for Mayor, Auditor and Councilmember for one or more Council offices receives at least 40% of the votes cast for that office, then there shall be a runoff election between the two candidates receiving the most votes, which runoff election shall be held on the first Tuesday after the first Monday in February of the odd numbered year following the initial election. No other issues shall appear on the ballot of any runoff election. The successful candidate in any runoff election shall assume office on March 1, after the election results have been declared~~

by the Council. If the provisions of Article III, Section 5, Paragraph 12 related to instant runoff voting are operative, the vote threshold requirements in this section shall have no application to municipal elections.

(f) Should any provision of the amendment of this section be held invalid, the remainder of this section the amendment shall not be affected thereby, and such word, phrase, sentence, part, section, subsection, or other portion shall be severable, and the remaining provisions of this section shall remain in full force and effect. The voters hereby declares that they would have passed this section and each subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more, subsections, sentences, clauses or phrases had been declared invalid.

Section 2. Section 5, subdivision 12 of Article III of the Charter of the City of Berkeley is amended to read as follows:

(12) Use of instant runoff voting in lieu of runoff elections.

For purposes of this charter "instant runoff voting" shall refer to a voting system which, in a single election, determines the candidate supported by the voters. Notwithstanding any section of this Charter to the contrary, upon a determination by the City Council of all of the following, that: a) the voting equipment and procedures are technically ready to handle instant runoff voting in municipal elections; b) instant runoff voting will not preclude the City from consolidating its municipal elections with the County; and c) instant runoff elections will not result in additional City election costs, the Council may by ordinance establish a system of instant runoff voting for the offices of Mayor, City Council, and Auditor in any manner permitted by the State of California Elections Code. Once the Council institutes a system of instant runoff voting, future elections shall be conducted as instant runoff voting elections, unless the Council finds that circumstances have changed such that one or more of the prior Council findings required by this section are no longer valid. In such case, the Council shall articulate the specific basis therefore in order to suspend an existing system of instant runoff voting. Subdivision (e) The fourteenth paragraph of Section 9 of Article V relating to the percentage threshold to trigger a runoff election shall have no application to a system of instant runoff voting. The City Clerk shall conduct voter and community education to familiarize voters with instant runoff voting.
