RE: Public Records Act Request Received September 15, 2016

Dear Mr. Cherney:

This letter is in response to your Public Records Act request received by the City on September 15, 2016 requesting:

- "- All records (including but not limited to budget documents, emails, contracts, memos, databases, marketing materials, presentations) related to or mentioning: "Happy Neighbors"*
- All records including but not limited to budget documents, emails contracts, memos, databases, marketing materials, text messages) related to or mentioning "First 8" or "First Eight" or "First8" or "FirstEight"? a group related to student alcohol consumption during the first eight weeks of UC Berkeley's school year."*

Your request has been granted. The City has searched for the documents you requested and as a courtesy responsive documents are attached to this letter. Please be advised that the City is still searching for possible additional documents through other departments. If any are located, they will be sent to you as soon as possible.

If you have any questions concerning your request, please feel free to contact me at (510) 981-6984, or by e-mail at lvalderas@cityofberkeley.info.

Sincerely,

Lester A. Valderas
Paralegal

Subject: F8 follow up and 8/17/16 preparation

Hello everyone,

Thank you for participating at the opening convening of the First 8 collaboration and for your thoughtful contributions. You all hold an integral piece of this issue and I am certain that through our continued partnerships we will see improvement. All progress is significant.

We discussed some great larger scale ideas that we should keep active, but the purpose of these meetings is to look directly ahead and what we can do immediately. For our next meeting on Wednesday I'd really like to focus specifically on the upcoming weekend of Move In. A goal of this coalition is for information sharing, and though we touched on some events and outreaches that will be provided for students that weekend I don't think everyone was able to share specifics.

If you are able to make it, please come prepared to describe what your department is planning for next weekend and what you need assistance with (volunteers, exposure). If you are unable to attend, please send me a short description by Tuesday evening so I may be able to share your information out with the rest of the group. And if possible, send someone else who may be able to represent your department.

Dylan will provide the conference call in number.

Attached is a shared document that will hold our [meeting notes](#). Please feel free to comment and amend.

Have a great weekend!

Leona

Subject: Alcohol enforcement & visibility significantly reduced likelihood of intoxication at UC Berkeley

Quick follow up for First 8. As we move forward to reduce harm, may be useful to reflect and draw on this study's findings about successful [Alcohol Risk Management in College Settings](#), including at UC Berkeley.

Key finding:

Legal (and I would add "social") enforcement of alcohol policies reduced likelihood of intoxication and did not displace drinking to other locations.

Best,

Subject: [Update] Weekly F8 meeting 9/14/16

Hello everyone,

Looking forward to our discussion tomorrow, reflecting on last weekend and preparing for the first home game this Saturday evening.

We will be meeting in the Bayview Room again, 532 Eshelmen Hall. Take the elevator to the 5th floor and make two lefts. I heard it was confusing for some folks last week and will be waiting at the top of the elevator to make sure we all make it to the right place.

Take care,
Leona

Subject: RECAP of F8 Meeting (8/31/16)

RECAP OF 8/31/16 F8 Meeting:

At the time of the 8/31/16 meeting, UCPD reported 10 incidents and 9 transports. We discussed the transport rates from this year vs. last and the areas of opportunity where we can improve. It was acknowledged that the 9/9-9/11 weekend and the following weekends are historically bad for transports - with week 6 (Homecoming) being a flashpoint.

Over the 8/26-8/28 weekend there were three incidents at the Greek theatre which drew large crowds of people from outside the community involving mixing alcohol and other substances. Bid Weekend in the Greek community (high risks across the country) may have also been a contributing factor in the number of transports.

IFC - Mitchell advised that members of the Greek community were and will continue to walk around observing parties. There were some chapters who were observed breaking rules which will be address with standard letters sent regarding expectations.

Perception of how party observation is received in the Greek community depends on the culture of the house. Those that want to show off how well they are following rules typically welcome the observation while those that want to remain under the radar tend to push back. The goal is to get representation from all chapters (recognized and not) as observers to sell it as getting them closer to self-governance.

There were 6 events scheduled for the weekend of 9/9-9/11 (5 registered with BFD and one scheduled off site) as well as The Mad Decent Block Party at the Greek Theater which was expected to draw a large, mixed crowd. This concert resulted in a large number of transports last year and will, along with the other events, be discussed at the next scheduled F8 meeting. It was noted that large events at the Greek have almost doubled since last year and Andy will reach out to Cal Performances (Doug Warrick or Jill Schinberg) to request ongoing notification of upcoming large events/concerts.

UHS - Karen advised PartySafe will continue with its presence outside the theater and at key points between the Greek and Fraternity row handing out water and monitoring for people who may be in trouble. Karen advised PartySafe will also reach out to IFC/PHC groups for services opportunities to help provide food and water in the area.

Karen asked for a summary of what the Cal Greeks Alcohol Taskforce is doing. Dylan advised is it basically the same as GAMMA (i.e. water/snacks for parties) but they are currently working on a budget so it can be more sustainable.

The Happy Neighbors meeting attended by IFC, UHS, GCR, Conduct and students was pretty productive.

Mitchell distributed a complaints email address to neighbors which will go to VP of Standards for a quicker response on neighbor's concerns.

Ruben (GCR) provided a football briefing letting the community know what happens during this time.

Karen advised this meeting produced the greatest number of student participants who were able to meet their adjacent neighbors.

Student Conduct – advised that they are ready to handle cases but no organizations or students have currently requested immunity under the responsible bystander policy. They will continue to work on internal operations.

BFD - Tony Yuen attended the meeting and provided a new reporting spreadsheet format from the city which can include a column that indicates where students were prior to transport. He advised he can customize it to provide more useful information. Tony will work with Andy to finalize the format.

RSSP - will implement Security Monitor training to develop how to build real time feedback on what's observed at the door.

ASUC – want more partnership in knowing who sober party monitors are at parties. Working on more support organization.

BPD – not present at meeting.

NEXT STEPS:

Mitchell will reach out to David regarding water station

ASUC – looking into helping Mitchell out with this
Shallon – will talk with Tinney regarding ABC enforcement.
Andy/Tony – will finalize BFD report formats.

Next meeting scheduled for Wednesday 9/14/16

Hi Karen. The California Alumni Association is a separate legal entity from The Regents of the University of California and therefore gets to make its own rules.

It looks to me as if this year's event is strictly for people over 21, is limited to beer and wine, and requires a minimum \$25 admission charge (more if you're also attending the game) so I'm skeptical that this is a significant source of risk to our students.

Which is not to say that alumni can't contribute to the problem. If we have time at our F8 meeting this Wednesday, let's focus some attention on the Greek alumni who return to their houses for Homecoming Week and put pressure on our students to engage in poor alcohol-related behavior.

Hey folks,

Here's a possible F8 item related to Alumni and shaping/shifting their expectations about drinking and game days. The Cal Alumni Association Tailgates for Young Alumni include drinking games/beer pong and alcohol sponsorship. Here are links for last two years:

[Fall 2015 promotion:](#)

[Fall 2016 promotion:](#)

Several of us were cc'd on communications last fall from Phil Bokovoy, neighbor, to Jefferson Coombs, CAA President. Coombs said he would review the marketing messages. I don't think I see much difference.
Possible questions/issues/actions:

- Is the drinking game and/or the alcohol sponsorship violating campus policies? Is CAA even subject to them?
- When UCPD approved the event request for this weekend, did it note the drinking game or ask to see the promotion messages that go along with the event?
- Should F8 contact CAA and/or invite them to next F8 meeting?
- Where does this fall on the F8 problem scale?

Any thoughts?

Subject: Re: Updated Invitation: Weekly F8 meeting dates @ Wed Sep 7, 2016 10am - 11am (khughes@berkeley.edu)

Hey folks,

Here's a possible F8 item related to Alumni and shaping/shifting their expectations about drinking and game days. The Cal Alumni Association Tailgates for Young Alumni include drinking games/beer pong and alcohol sponsorship. Here are links for last two years:

[Fall 2015 promotion:](#)

[Fall 2016 promotion:](#)

Several of us were cc'd on communications last fall from Phil Bokovoy, neighbor, to Jefferson Coombs, CAA President. Coombs said he would review the marketing messages. I don't think I see much difference.

Possible questions/issues/actions:

- Is the drinking game and/or the alcohol sponsorship violating campus policies? Is CAA even subject to them?
- When UCPD approved the event request for this weekend, did it note the drinking game or ask to see the promotion messages that go along with the event?
- Should F8 contact CAA and/or invite them to next F8 meeting?
- Where does this fall on the F8 problem scale?

Any thoughts?

Hi Jim. With Jim Thompson gone and Dori Tieu out for the week, we haven't received our usual report from BFD for the weekend. Based on the methodology we developed with Jim Thompson and the UCPD, are at 25 incidents and 20 transports so far this fall. At this time last year we had 29 incidents and 19 transports.

Hi again,

Sorry about the sudden change, we have a room! We will be meeting at 333 Sproul tomorrow, Wednesday 8/31/16 at 10AM. It is the conference room on the third floor.

Thanks and see you then!
Leona

Hello All,

In response to one of Leona's questions, my apologies for not knowing yesterday where the RB policy was listed on CSC's website off the top of my head. Please note that the policy and the FAQs have been posted in the [CSC page's "Campus Policies" section](#).

Thank you all for your partnership!

Mike (also on behalf of Jason)

Hi all,

Notes from this morning's meeting can be found [here](#):
https://docs.google.com/document/d/1HwLzIDINF-2NnaNzr8_9z_0fSLnb87VQ832Q6CCiDs/edit?usp=sharing

In summary - from BFD's initial report it looked like we were down in transports compared to last year for the start of move in. 5 this year to last year's 8). Jim Thomson made aware that there were 21 calls for service and a couple more transports, but could not definitively confirm if they were Cal affiliated.

Though there were no parties registered with BFD or Cal Greeks, there were still gatherings and the unregistered fraternities had bigger events with hard alcohol. From the students I spoke with, they said the party scene over the weekend was more toned down than years previous, but that led to more crowds on the street with no place to go.

Next week is Jim Thomson's last week with the Berkeley Fire Department. You have been an essential city partner, and your dedication to sharing timely data has been indispensable. We thank you for your service and wish you luck in your next adventure.

Apologies to those who tried to call in and couldn't, we are working on that issue and hope to have it resolved by the next meeting. Also, note there may be a location change for next week's meeting. 102 Sproul is a lovely space but we will need a bigger boat.

Sean - Can you provide the number of total citations given for a minor in possession?

Jason - When I checked the conduct website, the RB policy had not been updated. When do you anticipate that to refresh?

Thanks and see you next week!

Subject: First 8 Meeting Wednesday, August 24, at 10 am

Greetings everyone! We look forward to our next First 8 meeting tomorrow morning at 10 am in Room 102 Sproul Hall. Based on partial data, it appears our efforts during move-in weekend paid off, as we likely will end up with fewer alcohol-related incidents than during move-in weekend of Fall 2015. So let's keep up the active communication!

If you can't make the meeting in person, you are welcome to dial in:

[\(872\) 240-3412](tel:(872)240-3412)

Access Code: 316-813-365

Morning Jim,

This will just be following up on our meeting from last week and discuss specific strategies by each city and campus department for this upcoming move in weekend. The goal is that we are all on the same page week by week. Neither Tucker or Tinney are able to make it, but I'm hoping Jim Thomson and either you or Shallon can so we still have a city rep in the room. You can also call into the conference line listed.

Subject: F8 follow up and 8/17/16 preparation

Hello everyone,

Thank you for participating at the opening convening of the First 8 collaboration and for your thoughtful contributions. You all hold an integral piece of this issue and I am certain that through our continued partnerships we will see improvement. All progress is significant.

We discussed some great larger scale ideas that we should keep active, but the purpose of these meetings is to look directly ahead and what we can do immediately. For our next meeting on Wednesday I'd really like to focus specifically on the upcoming weekend of Move In. A goal of this coalition is for information sharing, and though we touched on some events and outreaches that will be provided for students that weekend I don't think everyone was able to share specifics.

If you are able to make it, please come prepared to describe what your department is planning for next weekend and what you need assistance with (volunteers, exposure). If you are unable to attend, please send me a short description by Tuesday evening so I may be able to share your information out with the rest of the group. And if possible, send someone else who may be able to represent your department.

Dylan will provide the conference call in number.

Attached is a shared document that will hold our [meeting notes](#). Please feel free to comment and amend.

Have a great weekend!

Leona

Subject: Alcohol enforcement & visibility significantly reduced likelihood of intoxication at UC Berkeley

Quick follow up for First 8. As we move forward to reduce harm, may be useful to reflect and draw on this study's findings about successful [Alcohol Risk Management in College Settings](#), including at UC Berkeley.

Key finding:

Legal (and I would add "social") enforcement of alcohol policies reduced likelihood of intoxication and did not displace drinking to other locations.

Light refreshments will be provided.

For some light background reading, here is an [article](#) and the [report from Penn State](#) of their First 8 program, which catalyst this effort.

Thank you all for your participation and commitment to this process. I appreciate that you all view this as a shared responsibility of the campus and city to ensure the safety of our students and community.

If you haven't already, please respond to the calendar invite or let me know if you'd like me to send it again.

Take care,
Leona
