March 23, 2021

Brent Stephens, Superintendent BUSD Board of Directors Berkeley Unified School District 2020 Bonar Street Berkeley, CA 94702

Via email: <u>brentstephens@berkeley.net</u> and <u>boardofed@berkeley.net</u>

Dear Superintendent Stephens and Berkeley Unified School District Board,

We, the below signed parents, caregivers, teachers and staff call on the Berkeley Unified School District (BUSD) to respond and stand in solidarity with Asian American and Pacific Islander (AAPI) communities and denounce white supremacy during this time of increased xenophobia, racism and violence against our communities.

Since the beginning of the COVID-19 pandemic, AAPI communities have been the scapegoat for the current public health and economic crisis. Violence and harassment against our community has grown exponentially over the past year, with almost 3,800 hate incidents against Asians reported since March 2020. Only just last month, right here in our own backyard, AAPI seniors and women from Oakland and San Francisco were the targets of violence that sparked a national outcry and stand for racial solidarity. On March 16, 2021, eight individuals were killed in North Georgia, six of whom were Asian women - a hate crime surely fueled by white supremacy.

For an entire year, BUSD has stayed COMPLETELY SILENT on this issue. It was not until March 19, 2021, that a public remark was made. This statement, by Superintendent Stephens, was grossly insufficient and only further reinforced a feeling that our community's safety is NOT a priority. There was no attempt to encourage a cohesive dialogue within our community or within classrooms. It lacked any meaningful assurance to AAPI families that our schools remain a safe, inclusive learning community with room to process grief or healing. There was no specific statement that the district stands in solidarity with AAPI communities in the face of this increased hate-based violence.

The District's near total silence in the face of this injustice is equivalent to complicity and only serves to reinforce oppression. At least <u>8% of BUSD's student body identifies as Asian, not inclusive of multi-racial students of Asian heritage</u>. According to the <u>U.S. Census</u> (2019), Asians represent 32% of Alameda County's population, now the largest racial group. Despite this, our community seems to remain invisible to the school district, and this is completely unacceptable.

We call upon the BUSD to take the following actions in immediate response:

Letter to Superintendent and BUSD School Board of Directors – Page 2

- 1) Release a more meaningful and heartfelt public statement in <u>solidarity</u> with AAPI communities against hate and white supremacy by or before March 29, 2021 when BUSD has opened an in-person learning model to the elementary school population.
 - The District will provide assurances that it is taking the safety and protection of our AAPI families, students and staff members seriously.
 - b) The District will develop a plan to address additional concerns (listed below) and will provide this plan by April 12, 2021.
- 2) **Support ALL communities of color** by creating safe spaces for dialogue and discussion.
 - a) Encourage and prepare educators to talk about violence and harassment that impact ALL communities of color.
 - b) Encourage AAPI staff members to talk about microaggressions and harassment that impacts the workplace.
 - c) Remind AAPI community members of family support services, such as the Office of Family Engagement and Equity, to create safe spaces for those that may need support or assistance. BUSD will ensure that culturally and linguistically appropriate services are available.
- 3) Share more resources that have been intentionally and thoughtfully researched on how to talk about racism, xenophobia and ways to serve as allies in this moment.
 - a) Encourage those that have experienced or witnessed acts of hate towards AAPI communities to report incidents through organizations such as Stop AAPI Hate.
 - b) Create a community survey to determine if AAPI students <u>have faced</u> <u>harassment or are concerned about their personal safety</u> so that appropriate measures can be taken in response.
 - c) Encourage community and staff members to educate themselves on how to serve as allies, including how to talk about xenophobia and racism, as well as responding to, preventing and intervening in instances of harassment.

We understand the many pressures that BUSD faces at this time to open up our schools in the coming weeks. But we believe our district can and should make the time and effort to more appropriately and meaningfully address this pressing crisis. This is an incredible learning and community-building opportunity, but BUSD has missed the mark to date. We strongly urge you to course correct, and that by failing to do so, you only further perpetuate a white supremacist culture by ignoring those that are marginalized by racism and hate.

Signed,
